According our telephone conversation I send you herewith the photographic copy of the design which has been adopted as official by the proper authorities at Philadelphia. I also send you a clipping of the "World" and a copy of endorsement paper, from Mr. Louis Krumpholtz. Kindly acknowledge the receipt of same, and if possible arrange an interview in this matter.

Oblige yours respectfully

Dear Sir:

I am returning, herewith, your letter from Mr. Ames and the clipping from the World. I have taken the liberty of retaining the reproduction of your design for the Sesquicentennial medal for the Philadelphia Exposition.

I am sorry that I am unable to echo Mr. Ames' sentiments regarding this design, but from a medallion point of view, it is sadly ineffective and almost entirely without redeeming qualities. The obverse is pictorial rather than plastic, and the reverse is poor - even to its lettering.

I regret that I am unable to give you a more favorable criticism, but you asked for my opinion - and this is it!

Very truly yours,

Encs.
